Project: Emergency transportation planning for the 2024–25 school year

Key Components

- Alternative Fleet & Vendors
- Parent Opt-Outs
- Bus Stop Consolidation
- Metro Public Transit Integration

My role

After the district's bus provider withdrew, I helped develop an emergency transportation plan for the coming school year. The work addressed limited vendor capacity through route consolidation and school schedule changes, alongside planning for family communications.

PUBLIC RECOGNITION

> **"With Ashley's partnership, we've been able to achieve so much at an unprecedented pace" – Dr. Nikka Lemons, former Deputy Chief Operating Officer, SLPS**

RESULT: | The School Board unanimously approved the emergency plan on July 2, 2024.
